

Just a selection of the many complimentary remarks we received following the launch of the Cullen & Deskford Community Website

What I have seen so far is brilliant and everyone involved should be congratulated. I can see me spending the rest of the evening perusing the site. Just when I thought I would like an early night!

Website looks great and really inspires me to come back to Cullen - we have many fond memories.

Congratulations to all involved in the setting up of your attractive, informative and very professional website. Well done!

Just spent a few very enjoyable minutes looking at the site. Excellent! Well done. Overall very good: clean, easy to navigate, informative and, importantly, interesting.

Congratulations for all the effort to place Cullen on the world map!

The website is fantastic and something your group should be really proud of.

Just had a good look at the website and think it's good. I have already had an enquiry for accommodation which must be through the new website as I don't have my own site so I am happy.

Thanks for the site link - it is brilliant I think - one of the best that I have seen.

The site looks absolutely fantastic! Well done to all involved! Very professional & the navigation is great too. Cheers!

Stone the rooks. Did I not get a wasp byke to treat in Victoria Street Cullen on Saturday via....the discovercullen website! Is this a first?

The website is bright, clean, quick, easily navigable and all the links seem to work well. Moreover, it has that often missed factor of being interesting.

Just wanted to say how much we appreciate the tremendous amount of hard work and effort you all put in to producing the Cullen website. It is a great credit to everyone and I am sure will be a great success.

Thank you for the introduction to the new Cullen website. I'll be re-visiting it many times, but on a fast run-through it looks really great - some very good old photos.

The site looks great and brings back many memories.

Great website and reminds us of my happy childhood in Cullen.
